(AN AUTONOMOUS INSTITUTE UNDER GOVT OF UP)

PRIVATE WARD AT GIMS, GREATER NOIDA

“Home away from home for recovery”

The Government Institute of Medical Sciences (GIMS), Greater Noida is an autonomous tertiary care teaching institute of Govt of UP on the lines of SGPGI Lucknow. The institute is affiliated with King George’s University Lucknow. The institute is conducting MBBS course through Medical council of India and Postgraduate courses through National Board of Examinations. The institute is fully functional. Everyday approx. 1500 patients are coming to OPD and more than 200 patients are admitted.

Covid Care:

1. As per the directions from the Govt of UP, Dept of Health and Medical Education, Govt of UP, letter no 228/71-1-2020-UO-71/2020 dated 28 January 2020, letter no ME-01/2020/1455 dated 03 may 2020 and guidelines on 21st May 2020.

2. Government Institute of Medical Sciences (GIMS) Greater Noida has established 150 bedded Level 2 Covid hospital (10 beds ventilator / ICU, 15 beds suspects and 125 beds Covid+ patients). Till now institute has admitted over 700 Covid + patients and discharged 600 patients after successful treatment. At present more than 100 patients are admitted in isolation ward. **GIMS Greater Noida has maximum no of patients in any hospital in UP.**

3. GIMS is the only Govt institution, which is doing complete, comprehensive care for covid right from sample collection, Covid diagnostic facilities, treatment and complete treatment including Plasma therapy approved by ICMR, Govt of India.

In order to provide excellent care to affluent class, GIMS has taken an initiative to start private wards, which offer single- and double-bedded rooms with excellent facilities.

Advantages of getting admitted in a private ward:

- Patients who are uncomfortable in the general ward because of more number of people around, will feel more at ease in a private ward.
- This ward offers a reassurance to patients that they have someone around them to keep them company or to talk with. This helps in alleviating the feeling of loneliness during hospital stay.
- These wards are good for patients who neither prefer overcrowding, nor complete solitude.
