

Department of General surgery GIMS Greater Noida

Only join department of general surgery at GIMS if

1. You are passionate to relieve a patient from his suffering
2. If you want training at a centre of excellence with state of art equipments and modern surgical procedures such as advanced minimal access surgery, LASER surgery, Endourology, endoscopy and pediatric surgery.
3. If you want to experience how it feels to do a Laparoscopic surgery on as large monitor as you see at your own or someone's house may be 55 inches or more.
4. If you want to work in a blameless culture where our motto is to train people, not blame people.
5. If you want to experience all basic and advanced surgery that too without even super specialist in the department, so that you can have a feel that if they can do it, I will do it in the future.
6. If you want to experience a surgery hundreds of times in a year, so that it looks like a piece of cake to perform.
7. If you want to experience how 15 major surgical procedures can be done in a single day without compromising standards of care.
8. If you want to work in an atmosphere where every one has a say and is heard without any prejudice.
9. If you want to work with the mentors whom you can idolise to become a better version if you.
10. We promise that you will not only become a surgical expert after doing PG from here but if you start journey from here you will definitely be on a path where you will start looking work and life balance differently in a manner that will change your perspective towards patient and family care both. We not you help you in becoming a good surgeon but also a good human being.

So join our department if you have lady's fingers, lion's heart and eagle's eyes. If not, don't get disheartened we will definitely develop it in you during your training.

Looking forward
